Nationally recognized for leadership, the finance and accounting consulting firm has helped more than 700 fast-moving companies (of all shapes and sizes) overcome a remarkable array of challenges at every stage of the business lifecycle.

The brainchild of CEO Kathy Ryan and a former colleague, the consulting firm launched in 1993 in Silicon Valley. In the years that followed, RoseRyan assembled a dream team of experts who provide savvy finance to companies as they start, grow, expand and evolve, and developed our bragging rights in the high tech, life sciences and cleantech sectors.

We've filled the gap as interim CFOs and controllers, created scalable infrastructures from scratch, handled tricky transactions and unraveled complex compliance issues without breaking a sweat. Our seasoned pros can help your team or be your team.
